This section shall not apply to "force account" work where the District may perform construction work using its own employees rather than any contractor or subcontractor.

SECTION 4. Parties Interested Herein. Nothing in this Fourth Supplemental Resolution expressed or implied is intended or shall be construed to confer upon, or to give to, any person or corporation, other than the District, the Paying Agent and the Owners of the Series 2014 Bonds any right, remedy or claim under or by reason of this Fourth Supplemental Resolution or any covenant, condition or stipulation thereof; and all the covenants, stipulations, promises and agreements in this Fourth Supplemental Resolution contained by and on behalf of the District shall be for the sole and exclusive benefit of the District, the Paying Agent and the Owners of the Series 2014 Bonds.

In case any one or more of the provisions of this Fourth Supplemental Resolution or of the Bonds issued hereunder shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of this Fourth Supplemental Resolution or of the Bonds, but this Fourth Supplemental Resolution and the Bonds shall be construed and enforced as if such illegal or invalid provisions had not been contained therein. Any constitutional or statutory provision enacted after the date of this Fourth Supplemental Resolution which validates or makes legal any provision of this Fourth Supplemental Resolution or the Bonds which would not otherwise be valid or legal shall be deemed to apply to this Fourth Supplemental Resolution and to the Bonds.

SECTION 8. Publication; Peremption. This Fourth Supplemental Resolution shall be published one time in the official journal of the District, or if there is none, in a newspaper having general circulation in the District. It shall not be necessary to publish the exhibits to this Fourth Supplemental Resolution but such exhibits shall be made available for public inspection at the offices of the Governing Authority at reasonable times and such fact must be stated in the publication within the official journal. For a period of thirty (30) days after the date of such publication any persons in interest may contest the legality of this Fourth Supplemental Resolution and any provisions herein made for the security and payment of the Bonds. (e) To the best of the District's knowledge, there is no fact that the District has not disclosed to the Department in writing on the District's application for the Loan or otherwise that materially adversely affects the properties, activities, prospects or condition (financial or otherwise) of the District or the System or the ability of the District to make all Loan repayments and otherwise to observe and perform its duties, covenants, obligations and agreements under this Loan Agreement and the Bonds.

(f) To the best of the District's knowledge, the authorization, execution and delivery of this Loan Agreement and the Bonds by the District, the observance and performance by the District of its duties, covenants, obligations and agreements thereunder and under the Authorizing Ordinance and the consummation of the transactions provided for in this Loan Agreement, the Authorizing Ordinance and the Bonds, the compliance by the District with the provisions of this Loan Agreement, the Authorizing Ordinance and the Bonds and the undertaking and completion of the Project will not result in any breach of any of the terms, conditions or provisions of or constitute a default under or result in the creation or imposition of any lien, charge or other encumbrance upon any property or assets of the District pursuant to any ordinance or resolution, trust agreement, indenture, mortgage, deed of trust, loan agreement or other instrument (other than the lien and charge of the Authorizing Ordinance and the Bonds and any ordinance, resolution or indenture which authorized outstanding debt obligations to which the District is a party or by which the District, the System or any of its property or assets may be bound), nor will such action result in any violation of the provisions of any laws, ordinances, resolutions, governmental rules, regulations or court orders to which the District, the System or its properties or operations are subject.

(g) There are no proceedings pending, or to the knowledge of the District threatened, against or affecting the District in any court or before any governmental authority or arbitration board or tribunal that have not been disclosed in writing to the Department in the District's application for the Loan or otherwise that, if adversely determined, would materially adversely affect the properties, activities, prospects or condition (financial or otherwise) of the District or its System or the ability of the District to make all Loan repayments and otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement and the Bonds.

(h) To the best of the District's knowledge, no event has occurred and no condition exists that, upon authorization, execution and delivery of this Loan Agreement and the Bonds or receipt of the amount of the Loan, or upon the happening of any such event and the giving of notice and/or the passage of time, would constitute an Event of Default hereunder or under the Authorizing Ordinance. The District is not in violation of and has not received notice of any claimed violation of any term of any agreement or other instrument to which it is a party or by which it or the System or its properties may be bound, which violation would materially adversely affect the properties, activities, prospects or condition (financial or otherwise) of the District or its System or the ability of the District to make all Loan repayments or otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement, the Authorizing Ordinance and the Bonds.

(i) The District has obtained all permits and approvals required to date by any governmental body or officer (and reasonably expects to receive all permits required in the future by any governmental agency) for the making, observance and performance by the District of its duties, covenants, obligations and agreements under this Loan Agreement and the Bonds or for the undertaking or completion of the Project and the financing or refinancing thereof and the District has complied with all applicable provisions of law requiring any notification, declaration, filing or registration with any governmental body or officer in connection with the making, observance and performance by the District of its duties, covenants, obligations and agreements under this Loan Agreement and the Bonds or with the undertaking or completion of the Project and the financing or refinancing thereof. No consent, approval or authorization of, or filing, registration or qualification with any governmental body or officer that has not been obtained is required on the part of the District as a condition to the authorization, execution and delivery of this Loan Agreement and the Bonds, the undertaking or completion of the Project or the consummation of any transaction herein contemplated.

(j) The District is in compliance with all laws, resolutions, ordinances, governmental rules and regulations to which it is subject, the failure to comply with which would materially adversely affect the ability of the District to conduct its activities or undertake or complete the Project, or the condition (financial or otherwise) of the District or its System; and the District has obtained or will obtain all licenses, permits, franchises or other governmental authorizations presently necessary for the ownership of its property or for the conduct of its activities which, if not obtained, would materially adversely affect the ability of the District to conduct its activities or undertake or complete the Project or the condition (financial or otherwise) of the District or its System.

(k) The District has not previously pledged the revenues being used to repay the Bonds to the payment of any indebtedness of the District or any other entity, other than the Parity Obligations, if any, defined in Section 1.01.

SECTION 2.03. Particular Covenants of the District. The District further covenants and agrees for the benefit of the Department as follows:

(a) The District agrees that the estimated Costs of the Project, as listed in Exhibit C hereto and made a part hereof, is a reasonable and accurate estimation as of the date hereof, and upon direction of the Department will supply the same with a certificate from its Engineer stating that such estimated cost is a reasonable and accurate estimation. With the approval of the State Revolving Fund Engineering Manager, the District and the Department may mutually agree to change the allocation and categories shown in said Exhibit C without the necessity of amending the Loan Agreement.

(b) The District will promptly notify the Department of any material adverse change in the activities, prospects or condition (financial or otherwise) of the District relating to the System or to the ability of the District to make all or any Loan repayments, provide for the payment of Administrative Fees and otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement and the Bonds.

SECTION 2.04. Tax-Exempt Status of Department Bonds. In the event any tax-exempt debt obligations are issued by or on behalf of the Department, the proceeds of which (or any portion of the proceeds of which) are loaned to the District for the purpose of funding the Loan (the "Leveraging Bonds"), then the District will not take any action or fail to take any action that could cause the Leveraging Bonds to be "arbitrage bonds" or "private activity bonds" under the Code. The Department shall notify the District in writing prior to the use of any Leveraging Bond proceeds to fund any portion of the Loan.

The District shall not purchase, pursuant to any arrangement, formal or informal, any debt obligations issued by or on behalf of the Department in an amount related to the amount of the Loan.

ARTICLE III**LOAN TO DISTRICT; ISSUANCE OF BONDS**

SECTION 3.01. Terms of the Loan. The Department hereby agrees to reserve in the State Revolving Fund a sum equal to the Loan Amount from the sums available to the Department or to be received by the Department to be deposited in the State Revolving Fund. The Department further agrees that it will effect the Loan by purchasing the Bonds from the District and paying the purchase price thereof in installments pursuant to this Loan Agreement and the Authorizing Ordinance in accordance with Sections 7.01 and 7.02.

The District will apply the proceeds of the Loan to finance the Costs of the Project, and where applicable, to reimburse the District or any lender for such portion of the Costs of the Project that was paid or incurred by the District or for payment of the cost of which sums were borrowed on an interim basis in anticipation of reimbursement by the Department.

Notwithstanding the foregoing, (i) the Department shall be under no obligation to continue to make disbursements after an Event of Default has occurred and is continuing under the Authorizing Ordinance or this Loan Agreement; and (ii) the Department shall not be obligated to make or continue to make disbursements if funds are not legally available to the Department in the State Revolving Fund to make the Loan or make disbursements pursuant to the Loan. The District shall use the proceeds of the Loan strictly in accordance with the terms of the Authorizing Ordinance and this Loan Agreement.

SECTION 3.02. Issuance of Bonds. As evidence of its obligation to repay the principal and interest of the Loan, and to pay the Administrative Fee, the District contemporaneously herewith has issued and delivered the Bonds to the Department, which Bonds are payable in the manner and from the sources set forth in the Authorizing Ordinance.

SECTION 3.03. Delivery of Documents. On the Delivery Date the District will cause to be delivered to the Department each of the following items:

- (a) the executed opinions of counsel to the District in such form and containing such conclusions as may be reasonably required by the Department, addressed to the Department and the District;
- (b) a certificate or certificates, satisfactory in form and substance to the Department, from an authorized officer of the District, dated the Delivery Date, to the effect that:
 - (i) each of the representations of the District set forth herein and in the Commitment Agreement is true, accurate and complete in all material respects as of the Delivery Date, and each of the agreements of the District set forth in the Loan Agreement to be complied with at or prior to the Delivery Date has been complied with as of such date;
 - (ii) no litigation is pending, or to the knowledge of the authorized officer is threatened, to restrain or enjoin the issuance, execution, sale or delivery of the Bonds or in any way contesting or affecting any authority for or the validity of the

Bonds, the Loan Agreement, the Authorizing Ordinance or the creation, existence or powers of the District or the title of the present officers of the District, or any of them, to the respective offices and that none of the proceedings or authority for the issuance of the Bonds have been repealed, revoked or rescinded; and

- (iii) the Bonds have been duly authorized, executed and delivered by the District, constitute valid and legally binding obligations of the District and are entitled to the security of and are secured by the Authorizing Ordinance which, together with the Loan Agreement have been duly authorized, executed and delivered by the District;

(c) a tax compliance or use of proceeds certificate executed by a duly authorized officer of the District in form and substance satisfactory to the Department and an opinion of bond counsel acceptable to the Department;

(d) executed originals of the Bonds and the Loan Agreement and a certified copy of the Authorizing Ordinance;

(e) executed originals of a Site Certificate, an Engineer's Certificate and a Certification Regarding Cross-Cutting Federal Authorities, in substantially the forms attached to the Commitment Agreement; and

(f) such additional certificates, instruments and other documents, dated as of the Delivery Date or before, as the Department or its counsel reasonably require to evidence the truth and accuracy as of the Delivery Date of the representations of the District herein contained and contained in the Loan Agreement and the due performance and satisfaction by the District at or prior to such time of all agreements to be performed and all conditions then to be satisfied by the District.

SECTION 3.04. Interest and Principal Payments. The Bonds shall be payable as set forth in the Authorizing Ordinance and as follows:

(a) Interest shall be payable semiannually in arrears on each Interest Payment Date based on the amount of the Loan theretofore paid by the Department to the District and not yet repaid; and

(b) Principal shall be payable annually on each Principal Payment Date in the amounts set forth on Exhibit B hereto. The payment schedule shown as Exhibit B may be adjusted under certain circumstances in the manner set forth in the Authorizing Ordinance.

Promptly after the payment of the final installment of the purchase price of the Bonds, the completion certificate required by Section 6.07 shall be attached to and made a part of the Bonds.

In the event that any installment of principal, interest or Administrative Fee shall become past due for a period in excess of fifteen (15) days from the payment date specified herein, in addition to interest continuing to accrue on the principal amount due until the payment thereof, the District shall pay upon demand an amount equal to five percent (5%) of the amount of such past-due installment to defray the expenses of handling the delinquent payment.

SECTION 3.05. Prepayment of Bonds. The Department acknowledges that the Bonds are subject to prepayment at the times and in the manner set forth in the Bonds and in the Authorizing Ordinance. In addition to the principal and interest on such prepayment date, the District shall pay to the Department the amount of the Administrative Fee that has accrued on the amount prepaid from the most recent date on which any Administrative Fee was paid.

Prepayment shall be applied first to the Administrative Fee, second to accrued interest on the portion of the Bonds to be redeemed, then to any redemption or prepayment premium and finally to principal.

SECTION 3.06. Administrative Fee. The Administrative Fee shall be payable to the Department on each Interest Payment Date. The District's obligation to pay the Administrative Fee shall be terminated upon the sale or other disposition of the Bonds by the Department, other than a pledge or assignment of the Bonds or this Loan Agreement pursuant to Section 11.01, or upon full payment by the District of the Bonds and all amounts owed the Department under this Loan Agreement. In the event that the Administrative Fee is declared illegal or unenforceable by a court or administrative body of competent jurisdiction, the interest rate borne by the Bonds shall be increased by one half of one percent (0.50%) *per annum*, effective as of the date declared to be the date from which the Administrative Fee is no longer owed because of such illegality or unenforceability.

SECTION 3.07. Manner of Repayment. Payment of the principal, interest and Administrative Fee, shall be made by immediately available funds or mailed and/or made available to the Department no later than the applicable payment date at the following address:

Department of Environmental Quality
Attn: Financial Services Division, Accounts Receivable
P. O. Box 4311
Baton Rouge, Louisiana 70821-4311

or such other address as may be designated by the Department, without presentation or surrender of the Bonds, except upon final payment. If acceptable to the Department, the District may make arrangements to make such payments by wire transfer of immediately available funds.

Payments with respect to the Bonds shall be applied first to the interest due to the date of payment, next to principal and thereafter to the Administrative Fees and other amounts payable on the Loan and the payment of principal and interest shall be recorded on a payment record to be kept and maintained by the Department.

SECTION 3.08. Disclaimer of Warranties and Indemnification. The District acknowledges and agrees that:

(a) the Department and the State make no warranty or representation, either express or implied, as to the value, design, condition, merchantability or fitness for particular purpose or fitness for any use of the System, the Project or any portions thereof or the Plans and Specifications or any other warranty or representation with respect thereto;

(b) in no event shall the Department or the State be liable or responsible for any direct, incidental, indirect, special or consequential damages in connection with or arising out of this Loan Agreement or the Project or the existence, furnishings, functioning or use of the System or the Project or any item or products or services provided for in this Loan Agreement, including the Plans and Specifications; and

(c) to the extent authorized by law, the District hereby indemnifies, saves and holds harmless the Department and the State against any and all claims, damages, liability and court awards, including costs, expenses and attorney fees, incurred as a result of any act or omission by the District, or its employees, agents or subcontractors pursuant to the terms of this Loan Agreement, including but not limited to failure of the Department to note any defect in materials or workmanship or of physical conditions or failure to comply with any plans, specifications, drawings, ordinances, statutes or other requirements of a governmental authority, or to call to the attention of any person whatsoever, or take any action, or to demand that any action be taken, with regard to any such defect or failure or lack of compliance.

SECTION 3.09. Registration. The District agrees to initially prepare, keep, and maintain books and records reflecting the authorization, issuance, transfer and assignment of the Bonds and has appointed the Paying Agent in the Authorizing Ordinance to do so. A successor paying agent may be appointed in the manner set forth in the Authorizing Ordinance, provided, however, that in no event shall the Department be liable for the payment of any fees of such Paying Agent

SECTION 3.10. Lost, Destroyed or Improperly Cancelled Bonds. In case any of the Bonds shall become lost, destroyed or improperly cancelled, such Bonds may be replaced pursuant to any applicable terms of the Authorizing Ordinance, or in the absence of any such terms, in the manner set forth in R.S. 39:971, *et seq.*, or other applicable laws.

ARTICLE IV**PAYMENT OF BONDS; DEFEASANCE**

SECTION 4.01. Pledge of Revenues. The Bonds, and to the extent allowed by applicable law all other sums due pursuant to this Loan Agreement, including the Administrative Fee, equally with the Parity Obligations, if any, shall be secured and payable from a pledge and dedication of the revenues of the combined water and sewerage system, after payment of the reasonable and necessary expenses of operating and maintaining the System. Subject to the terms of the Authorizing Ordinance, the net revenues of the System shall be set aside in the Funds and Accounts described in the Authorizing Ordinance and shall be and remain so pledged for the security and payment of the Bonds in principal and interest, until the Bonds shall be fully paid and discharged, as provided in the Authorizing Ordinance. The District agrees that it shall not further encumber the pledged revenues, to the payment of any indebtedness having an equal or superior lien to that enjoyed by the Bonds, other than through the issuance of Parity Obligations, or junior lien obligations, in the manner and under the conditions provided in the Authorizing Ordinance.

SECTION 4.02. Defeasance. Notwithstanding any defeasance procedures set forth in the Authorizing Ordinance, so long as the Bonds are owned by the Department or pledged as security for any indebtedness issued by or on behalf of the Department, the Bonds may be defeased and may be deemed to be paid and shall no longer be considered Outstanding under the Authorizing Ordinance and under this Loan Agreement, only in the event that the District has complied with the requirements of Chapter 14 of Title 39 of the Louisiana Revised Statutes of 1950, as amended (La. R.S. 39:1441 *et seq.*), or any successor provision thereto, to defease all remaining scheduled payments of principal, interest and Administrative Fees on the Bonds.

FUNDS AND ACCOUNTS

SECTION 5.01. Funds and Accounts. For the purpose of receiving purchase price payments of the Bonds and paying Costs of the Project, the District has established and agrees to maintain the Construction Fund to be administered in the manner set forth herein and in the Authorizing Ordinance. Additionally, for the payment of and further security for the principal, interest and Administrative Fee on the Bonds, the District has established and agrees to maintain the Funds and Accounts to be administered in the manner set forth in the Authorizing Ordinance.

If at any time the Department deems, in its sole discretion, that the depository for any of the aforesaid funds and accounts to be unsatisfactory for whatever reason, then the District agrees that it will transfer any or all of said funds to such depository as may be designated by the Department.

SECTION 5.02. Investments. All moneys in any of the Funds and Accounts shall be invested in investment securities permitted by State law and the Authorizing Ordinance. All income derived from such investments shall be added to the amounts in the respective funds, if required, or to the Revenue Fund or to such funds as may be designated in the Authorizing Ordinance, and such investments shall be liquidated to the extent at any time necessary to apply the proceeds thereof to the purpose for which the respective funds have been created. For the purpose of determining if the required amount is being maintained in any of the funds, such investment securities shall be valued at least annually at the lesser of amortized cost (exclusive of accrued interest) or fair market value.

SECTION 5.03. Notification of Deficiencies. The District shall notify the Department, and as required by R.S. 39:1410.62 the State Bond Commission, in writing, whenever (i) transfers to any fund required to be established by the Authorizing Ordinance or any ordinance or resolution authorizing the issuance of indebtedness of the District have not been made timely or (ii) principal, interest, premiums, or other payments due on the Bonds or any other outstanding indebtedness of the District have not been made timely.

ARTICLE VI

CONSTRUCTION AND COMPLETION OF THE PROJECT

SECTION 6.01. Plans and Specifications; Construction Contracts. The Plans and Specifications must be submitted to the Department for approval in writing, prior to formal request for bids on a construction contract or contracts. The Plans and Specifications shall comply with all laws, regulations and ordinances including, in particular, all zoning, fire, safety and environmental laws, regulations and ordinances. Contracts for the acquisition, construction and installation of the Project shall be entered into in compliance with Chapter 10 of Title 38 of the Louisiana Revised Statutes of 1950, as amended.

As a condition of the Loan, the District will demonstrate to the satisfaction of the Department before issuing an initial work order for construction, that the District has or will have an ownership or such other real interest in the site(s) of the Project, including necessary servitudes and rights-of-way as the Department finds sufficient to assure undisturbed use and possession for the purpose of construction and operation of the Project for the estimated life of the Project. The District agrees to provide the Department with a Site Certificate in substantially the form attached to the Commitment Agreement prior to disbursement by the Department of any Loan proceeds for construction.

The District will exercise its best efforts to initiate construction of the Project within six (6) months after the Delivery Date and in accordance with prudent public utility practice to complete the Project and to so accomplish such completion on or before the Scheduled Completion Date, and to provide from its own financial resources all moneys required to complete the Project in excess of the Loan Amount available hereunder.

SECTION 6.02. Engineer. Prior to signing a construction contract or contracts, the District shall name the Engineer. If so required by the Department, the Engineer shall issue prior to each disbursement request a progress report detailing construction status to date and stating whether construction is within the Project budget. Requisitions for funds during construction, in the form attached hereto as Exhibit D will be executed by the District and certified by the Engineer.

SECTION 6.03. Compliance with Law. If requested by the Department, the District will furnish the Department with evidence that the property and equipment constituting the System, and the proposed and actual use thereof, comply with all laws, ordinances, rules and regulations of all governmental authorities having jurisdiction over the same, including the Regulations, and that there is no action or proceeding before any court, quasi-judicial body or administrative agency at the time of any disbursement by the Department relating to the System.

The District will obtain all necessary approvals from any and all governmental agencies requisite to the completion of the Project in compliance with all federal, State and local laws, ordinances and regulations applicable thereto. Upon completion of the Project the District shall obtain all required permits and authorizations from appropriate authorities as required for operation and use of the Project as contemplated by this Loan Agreement.

In the event that archeological artifacts or historical resources are unearthed during construction excavation of the Project, the District shall stop or cause to be stopped construction activities and will notify the Department of such fact.

The District will immediately halt construction of the Project and notify the Department if any endangered species are encountered during construction so that mitigating measures can be taken in accordance with the Endangered Species Act of 1973, as amended.

The District will take and institute such proceedings as will be necessary to cause and require all contractors and materials suppliers to complete their contracts diligently and in accordance with the terms of the contracts, including without limitation, correcting any defective work.

SECTION 6.04. Davis-Bacon Wage Rate Requirements. The District agrees that all laborers and mechanics employed by contractors and subcontractors on the Project shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality of the District as determined by the Secretary of the United States Department of Labor ("DOL") in accordance with Subchapter IV of Chapter 31 of Title 40, United States Code. DOL provides all pertinent information related to compliance with the foregoing requirements, including prevailing wage rates and instructions for reporting. The District will ensure that all construction contracts relating to the Project will require that the contractor comply with the aforesaid wage and reporting requirements.

SECTION 6.05. Use of American Iron and Steel Products. In order to comply with Title IV, Division G of the Consolidated Appropriations Act, 2014 (P.L. 113-76) the District agrees that all of the iron and steel, products used in the portion of the Project that is funded in whole or in part with the Bonds shall be produced in the United States unless the Administrator of the United States Department of Environmental Quality ("EPA") finds that:

- (a) applying the foregoing requirement would be inconsistent with the public interest;
- (b) iron and steel products are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or
- (c) inclusion of iron and steel products produced in the United States will increase the cost of the overall Project by more than 25 percent.

The "Buy American" requirements of this section shall not apply to any project if the engineering plans and specifications for the Project (or applicable portion of the Project) were approved by the Department prior to January 17, 2014.

The District agrees that the Project Engineer(s) will in good faith design the Project and solicit bids for construction with American-made iron and steel products, and that it will include the applicable "Buy American" terms in any request for proposal or solicitations for bids and in all contracts related to the Project. Language similar to that attached hereto as Exhibit E may be used for this purpose.

If the District determines that it cannot comply with the requirements of this section, it will request a waiver in accordance with procedures set forth by EPA, and shall notify the

Department that it is requesting such a waiver from EPA. If the Administrator of EPA determines that it is necessary to waive the application of this section based on a finding under subsection (b), the head of EPA shall publish in the Federal Register a detailed written justification as to why the provision is being waived. For purposes of this Section:

"Iron and Steel Products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal casings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.

"Steel" means an alloy that includes at least 50% iron, between 0.02% and 2% carbon, and may include other elements. Production in the United States of the iron or steel used in the Project requires that all manufacturing processes must take place in the United States, except metallurgical processes involving refinement of steel additives. The requirements of this Section do not apply to iron or steel used as components or subcomponents of manufactured goods used in the Project.

"Manufactured Good" means a good brought to the construction site of the Project for incorporation into the Project that has been (a) processed into a specific form and shape or (b) combined with other raw material to create a material that has different properties than the properties of the individual raw materials. There is no requirement with regard to the origin of components or subcomponents in manufactured goods, as long as the manufacture of the goods occurs in the United States.

"Reasonably available quantity" means that the quantity of iron or steel is available or will be available at the time needed and place needed and in the proper form or specification as specified in the Project plans and designs.

"Satisfactory quality" means the quality of iron or steel as specified in the project plans and designs.

SECTION 6.06. Payment of Additional Costs of the Project. In the event that Loan proceeds are not sufficient to pay the Costs of the Project in full, the District shall nonetheless complete the Project and pay that portion of the Costs of the Project as may be in excess of available Loan proceeds and shall not be entitled to any reimbursement therefor from the Department, except for the proceeds of any additional financing which may (subject to availability) be provided by the Department pursuant to application by the District.

SECTION 6.07. Completion Certificate. The Project will be considered complete when the provisions of Section 7.08 have been met for all construction contracts included in the Project, or upon the disbursement of the final installment of the purchase price of the Bonds, whichever occurs first, and such date will be the Completion Date for purposes of this Loan Agreement. On or as soon as practicable after the Completion Date, the District shall submit the Certificate of Substantial Completion required by Section 7.08(a) and shall certify to the Department when it has initiated or is capable of initiating operation of the Project. The District shall also ratify and confirm in writing the final principal amount of the Loan and the final principal amortization schedule for the Loan.

ARTICLE VII**DISBURSEMENTS**

SECTION 7.01. Disbursement of Loan Proceeds. Prior to any disbursement of Loan proceeds, the District will prepare a budget and construction disbursement schedule which shall be updated from time to time as required by the progress of construction. Installments of the Loan, representing purchase price installments of the Bonds, shall be paid by the Department to the District under the terms of this Loan Agreement, upon receipt of a properly completed requisition in the form attached hereto as Exhibit D, subject to and conditioned upon the availability of sums on deposit in the State Revolving Fund. The District will deposit such proceeds in the Construction Fund and will utilize and expend such proceeds in a timely and expeditious manner and, in particular, will:

- (a) pay promptly all approved Costs of the Project;
- (b) proceed expeditiously with and complete the Project in accordance with Plans and Specifications, with construction reasonably expected to begin within six (6) months after the Delivery Date;
- (c) provide and maintain competent and adequate supervision and inspection of the Project;
- (d) disburse all installments of the purchase price of the Loan to pay Costs of the Project no more than twenty (20) calendar days after receipt of such installment of the purchase price;
- (e) return promptly upon written request of the Department any and all unused funds, including all costs or amounts found not eligible or disallowed by the Department or any portion of any installment of the purchase price that is not disbursed to pay Costs of the Project within twenty (20) calendar days after receipt of such installment by the District; and
- (f) complete the Project within two years of the Delivery Date unless the Department gives its written approval to an extended construction period.

SECTION 7.02. Disbursement Procedure. Purchase price installments of the Bonds for the payment of Costs of the Project shall be made by the Department to the District from time to time as the construction of the Project progresses, subject to the satisfaction of the following conditions:

- (a) in connection with each disbursement, the District shall submit a requisition in the form attached hereto as Exhibit D, which requisition shall include:
 - (i) an updated copy of the disbursement schedule (if applicable);
 - (ii) the report of the Engineer, which report shall be in the form and substance satisfactory to the Department and shall state that the Project, to the best of the Engineer's knowledge, as completed as of the date of such report, has been

constructed in accordance with the Plans and Specifications and that the undisbursed portion of the Loan Amount is sufficient to complete the Project in accordance with the Plans and Specifications and the disbursement schedule;

- (iii) if required by the Department, evidence satisfactory to the Department that the insurance required by Section 8.08 of this Loan Agreement remains in full force and effect;
 - (iv) if required by the Department, evidence and/or certifications satisfactory to the Department that the "Buy American" requirements of Title IV, Division G of the Consolidated Appropriations Act, 2014, have been complied with;
 - (v) such other instruments, documents, certificates, endorsements, invoices and opinions as the Department may reasonably require to substantiate the Costs of the Project for which payment is requested; and
 - (vi) if the requisition is the final requisition, the Completion Certificate required by Section 6.07 and Section 7.08(a);
- (b) disbursements shall be made by the Department not more frequently than twice per calendar month;
- (c) each disbursement shall be subject to the review and approval of the Department; and
- (d) the amount of each disbursement shall be computed so that five percent (5%), or such larger percentage as may be requested by the District, of such disbursement constituting eligible costs and one hundred percent (100%) of non-eligible costs will be deducted from the total amount payable as retainage or as non-eligible costs with respect to each contract for construction of the Project or any portion thereof. The total amount of retainage withheld from the disbursements during the construction of the Project with respect to each contract shall be disbursed pursuant to the provisions of Section 7.08.

SECTION 7.03. Modified Disbursement Procedure. The Department reserves the right to modify the procedures set forth in Section 7.02 in order to make disbursements directly to any contractor or to subcontractors and suppliers when it is necessary to prevent a default under any construction contract or to insure that all subcontractors, suppliers and laborers who have performed services or provided materials to the Project are paid.

SECTION 7.04. Reimbursement of Certain Costs. The District will promptly reimburse the Department for any portion of the Loan which is determined by the Department to have been expended for a cost which is not eligible for funding from the State Revolving Fund, which reimbursement will be made not more than 180 days after the discovery thereof by either the District or the Department. Such reimbursement shall be promptly paid to the Department upon written request of the Department with interest on the amount reimbursed at the rate borne by the Bonds from the later of the date of the disbursement from which any such non-eligible item was paid or the last Interest Payment Date on which the District paid interest with respect to

said amounts, and shall be applied in inverse order of maturity against the outstanding principal amount of the Bonds.

SECTION 7.05. Inspections; Possession of Project. Upon the occurrence of an Event of Default, the District does hereby agree and authorize the Department, EPA, the Engineer, or any agent, officer, employee or representative of the Department or EPA to enter upon the Project to make inspections of the materials, plans, shop drawings, workmanship and construction of the Project or to enter into possession of the Project and perform any work necessary or desirable to complete the Project and to take all other action in connection therewith, in order that the Department and/or EPA may:

- (a) verify that each disbursement is appropriate and in conformity with the requirements of this Article and any applicable laws or regulations;
- (b) verify that all work covered by a proposed disbursement is in accordance with the Plans and Specifications;
- (c) determine whether there has been or may be any default of the obligations of the District under this Loan Agreement or the Authorizing Ordinance; and
- (d) take any necessary or appropriate action to insure that the Project will be completed in a timely manner and in accordance with the Plans and Specifications and the disbursement schedule.

None of the aforesaid actions by the Department or by any agent, officer, employee or representative of the Department shall be or may be construed in such a manner as to impose any duty or obligation whatsoever on the Department, the Engineer, or any agent, officer, employee or representative of the Department to protect or represent any owner, borrower, contractor, surety, or any other person whatsoever and shall not be considered or construed as having made any warranty whatsoever, whether express or implied, as to the adequacy, quality of fitness or purpose of any physical conditions, materials, workmanship, plans, specifications, drawings or other requirements pertaining to the Project, or whether any such physical conditions, materials or workmanship comply with any plans, specification, drawings, ordinances, statutes, or other governmental requirements pertaining to the Project.

SECTION 7.06. Conditions Precedent. It is specifically understood and agreed that the obligation of the Department to fund any disbursements for payments to contractors or suppliers (other than engineering expenses and costs of issuance of the Bonds) shall be subject to the receipt by the Department of the following items with respect to each construction contract that is entered into with respect to the Project:

ARTICLE VIII

OPERATION OF THE SYSTEM

SECTION 8.01. Operation of the System. The District will maintain the System in good repair and operating condition and will cooperate with the Department in the observance and performance of the respective duties, covenants, obligations and agreements of the District and the Department under this Loan Agreement.

The District will insure that the Project operates and meets minimum technical and administrative requirements in accordance with the State Sanitary Code, and the District will meet all requirements imposed by the EPA and the Department as a condition of receiving the Loan from the State Revolving Fund under the Federal Act, the State Act and any applicable Regulations.

The District will, in accordance with prudent sewerage utility practice,

(a) at all times operate the properties of its System and any business in connection therewith in an efficient manner;

(b) maintain the System in good repair, working order and operating condition; and

(c) from time to time make all necessary and proper repairs, renewals, replacements, additions, betterments and improvements with respect to the System so that at all times the business carried on in connection therewith shall be properly and advantageously conducted, provided, however, that this covenant shall not be construed as requiring the District to expend any funds which are derived from sources other than the operation of its System or other receipts of such System which are not pledged hereunder, and provided further that nothing herein shall be construed as preventing the District from doing so.

SECTION 8.02. Sewer Charges and Connections. Acting in the exercise of its police powers, to the extent permitted by law, the District shall take all action necessary to require every owner, tenant or occupant of each lot or parcel of land within the geographical boundaries of the District which abuts upon a street or other public way containing a sewer line and upon which lots or parcels of a building shall have been constructed for residential, commercial or industrial use, to connect said building with the System and to cease to use any other method for the disposal of sewage, sewage waste or other polluting matter which can be handled by the System. All such connections shall be made in accordance with the rules and regulations to be adopted from time to time by the District, which rules and regulations may provide for an inspection charge to assure the proper making of such connection

In addition to all other rights and remedies available to be used for the enforcement of public sewerage charges and for the compelling of the making of utility connections as aforesaid, the District covenants that it shall exercise and enforce promptly and efficiently all rights given it under the laws of the State for the enforcement and collection of such charges.

The District will not furnish or supply or cause to be furnished or supplied any use, capacity or service of the System free of charge to any person, firm, corporation (public or private), public agency or instrumentality.

SECTION 8.03. User Fees. The District will enact, maintain and enforce an ordinance or resolution imposing User Fees and will enact, maintain and enforce a utilities use ordinance or resolution or similar proceeding that satisfies the requirements of all applicable regulations. So long as the Bonds are outstanding, the District through its Governing Authority obligates itself to fix, establish, maintain, levy and collect such rates, fees, rents or other charges for services and facilities of the System and all parts thereof and to revise the same from time to time whenever necessary to always provide User Fees in each Fiscal Year sufficient to meet all requirements of the Authorizing Ordinance and at least to:

- (a) pay the reasonable and necessary expenses of operating and maintaining the System in such Fiscal Year and to satisfy the requirements of Louisiana Administrative Code 33:IX.2111(L), or any successor provision, that the User Fees generate sufficient revenues to cover the costs of operation, maintenance and replacement;
- (b) pay debt service and Administrative Fee on the Bonds and any Parity Obligations and make all required deposits to the Funds and Accounts to the extent that such payments are not provided for from other sources of pledged revenues; and
- (c) meet any coverage ratio requirement set forth in the Authorizing Ordinance.

SECTION 8.04. Annual Review of User Fees. At least annually, but in no event later than six (6) months after the close of the previous Fiscal Year, the District shall review the adequacy of its User Fees to satisfy the requirements of Section 8.03 for the next succeeding Fiscal Year. If required by the Department, the District shall prepare a report of such review stating the District's opinion regarding the adequacy or inadequacy of the existing User Fees to satisfy the requirements of Section 8.03 and what action the District will take to satisfy such requirements, if any, and shall furnish a copy of such report to the Department upon its completion.

If such review indicates that the User Fees are, or are likely to be, insufficient to meet the requirements of Section 8.03 for the next succeeding Fiscal Year, or if it otherwise appears at any time during such Fiscal Year that User Fees are or are likely to be insufficient to meet such requirements, the District shall promptly take such steps as are necessary to cure or avoid the deficiency.

SECTION 8.05. Financial Records; Annual Audit. The District will establish and maintain adequate financial records as required by the laws of the State governing financial record-keeping by political subdivisions and in accordance with generally accepted accounting principles ("GAAP") and will make these and the following records and reports available to the Department and EPA or their authorized representatives upon request.

The District will cause an audit of its financial statements to be made by an independent firm of certified public accountants in accordance with the requirements of Chapter 8 of Title 24 of the Louisiana Revised Statutes of 1950, as amended, and in accordance with the requirements

of Circular A-133 of the U.S. Office of Management and Budget, and Section 66.458 of the Catalog of Federal Domestic Assistance (CFDA Publication #66.458 - Capitalization Grants for State Revolving Funds) if applicable. The District and its auditor have furnished a certification acknowledging the requirements of Circular A-133.

Upon completion, but in no event later than six (6) months after the close of the applicable Fiscal Year, the District shall file a copy of such audited financial statements with the Department.

A reasonable portion of the expenses incurred in the preparation of the audit report required by this Section may be regarded and paid as a maintenance and operation expense of the System. The District further agrees that the Department shall have the right to ask for and discuss with the accountant making the review and the contents of the review and such additional information as it may reasonably require. The District further agrees to furnish to the Department, upon request therefor, a monthly statement itemized to show the income and expenses of the operation of the System and the number of users for the preceding month.

SECTION 8.06. Consulting Engineer. The District will submit over the life of the Loan sufficient information as is reasonably requested by the Department to demonstrate that the District has legal, institutional, managerial and financial capability to ensure the construction, operation and maintenance of the Project and the System and the repayment of the Loan, interest and administrative fees.

To this end, the District may retain an Engineer, but shall be required to do so only in accordance with provisions of this section and Section 10.04, for the purpose of providing the District with continuous engineering counsel in the operation of the System. The Engineer shall be retained under contract at such reasonable compensation as may be fixed by the District, and the payment of such compensation shall be considered to be one of the costs of maintaining and operating the System. Any Engineer appointed under the provisions of Section 10.04 may be replaced at any time by another Engineer appointed or retained by the District upon written notice to the Department.

Upon the occurrence of an Event of Default, or if requested in writing by the Department, the District shall prepare, or shall have the Engineer prepare within one hundred eighty (180) days after the close of each Fiscal Year a comprehensive operating report which shall report upon the operation of the System during the preceding Fiscal Year, the maintenance of the properties, the efficiency of the management of the property, the proper and adequate keeping of the books of account and record, the adherence to budget and budgetary control provisions, all matters bearing upon the sufficient and profitable operation of the System, and shall include whatever criticism of any phase of the operation of the System the District or the Engineer, as the case may be, may deem proper and such recommendation as to changes in the operation and the making of repairs, renewals, replacements, extensions, betterments and improvements as the District or Engineer may deem proper. Copies of such report shall be furnished to the Department upon written request. It shall be the duty of the Engineer, if retained in accordance with this Section, to determine the economic soundness or feasibility of any extensions, betterments, improvements, expenditures or purchases of equipment and materials or supplies, which will involve the expenditure of more than Twenty-Five Thousand Dollars (\$25,000),

whether in one or more than one order, and whether from funds on deposit in the Contingencies Fund.

SECTION 8.07. Prohibition Against Liens. Except as provided in Section 11.02, the District will maintain title to or the possession of the System and equipment acquired and properties improved by the Project, including any necessary servitudes and rights-of-way acquired in connection with the Project. Title to any immovable equipment and any real property purchased by the District in connection with the Project will remain free and clear of all liens and encumbrances. Furthermore, all movable property necessary for the operation of the System will remain free of all liens except liens necessary to secure the purchase of said movable equipment.

SECTION 8.08. Insurance. So long as the Bonds are Outstanding the District will maintain or cause to be maintained in force insurance policies with responsible insurers or self insurance programs providing against risk of direct physical loss, damage or destruction of the System at least to the extent that similar insurance is usually carried by utilities constructing, operating and maintaining facilities similar in nature to the System, including liability coverage, all to the extent available at reasonable cost. In case of loss, any insurance money received by the District shall be used for the purpose of promptly repairing or replacing the property damaged or destroyed or shall be deposited in the Contingencies Fund to supplement any other amounts required to be paid into said Fund.

SECTION 8.09. Fidelity Bonds. So long as the Bonds are Outstanding the District, in operating the System, shall require all of its officers and employees who may be in a position of authority or in possession of money derived from the operation of the System to obtain or be covered by blanket or faithful performance bond, or independent fidelity bonds, written by a responsible indemnity company in amounts adequate to protect the District from loss.

SECTION 8.10. Competitive Franchises. So long as the Bonds are Outstanding the District obligates itself not to grant a franchise to any utility for operation within the boundaries of the District which would render services or facilities in competition with the System, and also obligates itself to oppose the granting of any such franchise by any other public body having jurisdiction over such matters. Further, the District shall maintain its corporate identity and existence so long as any of the Bonds remain outstanding.

SECTION 8.11. Equal Opportunity. The District will comply with all federal and State laws pertaining to equal employment opportunities insuring that all engineers and contractors for this Project not discriminate against any person on the basis of race, color, sex, religion, age, national origin or handicap.

SECTION 8.12. Access to Books. The Department and the EPA or their authorized representative shall have access to the Project and to the District's administrative offices, books, records, reports, design documents, contract documents and similar documents at any reasonable time. The District hereby covenants and agrees that the District shall cause its engineers and contractors to cooperate during Project inspections, including making readily available books, records, current working copies of plans and specifications and supplementary materials and further consents and agrees that the District will allow inspections and examinations by the Department, and EPA during construction and periodically over the term of the Loan.

DEFAULTS AND REMEDIES

SECTION 10.01. Events of Default. Each of the following events is defined as and declared to be and to constitute an "Event of Default" hereunder:

(a) Failure by the District to pay, or cause to be paid, the principal of or interest on the Bonds or any other amount payable on the Loan other than the payment of the Administrative Fee when due;

(b) Failure by the District to pay, or cause to be paid, the Administrative Fee or any portion thereof when due;

(c) Failure by the District to observe and perform any duty, covenant, obligation or agreement on its part to be observed or performed under this Loan Agreement, other than as referred to in subsections (a) or (b) above, which failure shall continue for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied is given to the District by the Department, unless the Department shall agree in writing to an extension of such time prior to its expiration; provided, however, that if the failure stated in such notice is correctable but cannot be corrected within the applicable period, the Department may not unreasonably withhold its consent to an extension of such time up to sixty (60) days from the delivery of the written notice referred to above if corrective action is instituted by the District within the applicable period and diligently pursued until the Event of Default is corrected;

(d) If any representation made by or on behalf of the District contained in this Loan Agreement, or in any instrument furnished in compliance with or with reference to this Loan Agreement or the Loan or in connection with the Bonds, is determined to be false or misleading in any material respect; or

(e) A petition is filed by or against the District under any federal or state bankruptcy or insolvency law or other similar law in effect on the date of this Loan Agreement or hereafter enacted, unless in the case of any such petition filed against the District such petition shall be dismissed within thirty (30) days after such filing and such dismissal shall be final and not subject to appeal, or the District shall become insolvent or bankrupt or make an assignment for the benefit of its creditors; or a custodian (including, without limitation, a receiver, liquidator or trustee of the District or any of its property) shall be appointed by court order to take possession of the District or its property or assets if such order remains in effect or such possession continues for more than thirty (30) days.

SECTION 10.02. Notice of Default. The District shall give the Department prompt notice, by telephone, fax or electronic mail, of the occurrence of any Event of Default and of the occurrence of any other event or condition that constitutes an Event of Default. Any telephone notice pursuant to this Section shall be confirmed in writing by the end of the next business day.

SECTION 10.03. Remedies on Default. Until an Event of Default shall have occurred, the District shall retain full possession and control of the System with the full right to manage, operate and use the same and every part thereof with rights appertaining thereto, and to collect

and receive, and subject to the provisions of this Loan Agreement, to take, use, enjoy and distribute the earnings, income and profits accruing or derived from the System.

However, when an Event of Default shall have occurred and be continuing the Department shall have the right to take any action permitted or required pursuant to this Loan Agreement or the Authorizing Ordinance and to take whatever other action at law or in equity may appear necessary or desirable to collect the amounts then due and thereafter to become due hereunder or to enforce the performance and observance of any duty, covenant, obligation or agreement of the District hereunder, including, without limitation, obtaining the appointment of a receiver of the System in an appropriate judicial proceeding in a court of competent jurisdiction.

SECTION 10.04. Appointment of Engineer; Required Reports. In the event that the District should fail to derive sufficient User Fees from the operation of the System to make the monthly payments into the Funds and Accounts, as required in the Authorizing Ordinance, or in the event of an Event of Default hereunder, then it will retain an Engineer in the manner provided in the Authorizing Ordinance.

SECTION 10.05. Appointment of Receiver. In the event that the Department obtains the appointment of a receiver after the occurrence of an Event of Default, such receiver shall, in the performance of the powers conferred upon him, be under the direction and supervision of the court making such appointment, shall at all times be subject to the orders and decrees of such court and may be removed thereby and a successor receiver appointed in the discretion of the court.

Nothing herein contained shall limit or restrict the jurisdiction of such court to enter such other and further orders and decrees as such court may deem necessary or appropriate for the exercise by the receiver of any function not specifically set forth herein.

Any receiver appointed as provided shall hold and operate the System in the name of the District and for the joint protection and benefit of the District, any owners of Parity Obligations and the Department. Such receiver shall have no power to sell, assign, mortgage or otherwise dispose of any assets of any kind or character belonging or pertaining to the System and the authority of such receiver shall be limited to the possession, operation and maintenance of the System for the sole purpose of the protection of both the District, any owners of Parity Obligations and the Department and the curing and making good of any Default. In such case, title to and the ownership of the System shall remain in the District, and no court shall have any jurisdiction to enter any order or decree permitting or requiring such receiver to sell, mortgage, or otherwise dispose of any assets of the System except with the consent of the District and in such manner as the court shall direct.

SECTION 10.06. Attorney's Fees and Other Expenses. The District shall, on demand, pay to the Department the reasonable fees and expenses of attorneys and other reasonable expenses (including without limitation the reasonably allocated costs of in-house counsel and legal staff) incurred by the Department in the collection of delinquent Loan repayments or any other sum due hereunder or in the enforcement of performance or observation of any other duties, covenants, obligations or agreements of the District hereunder, under the Authorizing Ordinance or under any other agreements relating to the Bonds.

SECTION 10.07. Application of Moneys. Any moneys collected by the Department pursuant to Section 10.03, after payment of the costs of operation and maintenance of the System, shall be applied

- (e) fifth, to pay any other amounts payable hereunder, including Administrative Fees, as such amounts become due and payable.

SECTION 10.08. No Remedy Exclusive; Waiver; Notice. No remedy herein conferred upon or reserved to the Department is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other given under this Loan Agreement or now or hereafter existing at law or in equity. No delay or omission to exercise any right, remedy or power accruing upon any Event of Default shall impair any such right, remedy or power or shall be construed to be a waiver thereof, but any such right, remedy or power may be exercised from time to time and as often as may be deemed expedient. To entitle the Department to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be required in this Article.

SECTION 10.09. Retention of Department's Right. Notwithstanding any assignment or transfer of this Loan Agreement pursuant to Section 11.01 or otherwise, and anything else to the contrary contained herein, the Department shall have the right upon the occurrence of an Event of Default to take any action, including (without limitation) bringing an action against the District at law or in equity, as the Department may, in its discretion, deem necessary to enforce the obligations of the District to the Department.

SECTION 10.10. Default by Department. In the event of any default by the Department under any duty, covenant, agreement or obligation of this Loan Agreement, the District's remedy for such default shall be limited to injunction, special action, action for specific performance or any other available legal or equitable remedy designed to enforce the performance or observance of any duty, covenant, obligation or agreement of the Department hereunder as may be necessary or appropriate.

ASSIGNMENT

SECTION 11.01. Assignment, Transfer or Sale by the Department. The District hereby approves and consents to any assignment, transfer or sale of this Loan Agreement and/or the Bonds by the Department including but not limited to any such assignment or transfer in connection with the issuance by or on behalf of the Department of bonds, notes or other debt obligations. The District hereby further approves and consents to any assignment or pledge by the Department of payments due from the District pursuant to this Loan Agreement and the Bonds as security or partial security for the payment of principal and interest on such bonds, notes or other debt obligations issued by or on behalf of the Department. The District agrees to cooperate with the Department in accomplishing any such assignment, including execution of any additional certificates or documents as may be reasonably required by the Department.

SECTION 11.02. Assignment, Transfer or Sale by District. While the Bonds are outstanding, neither this Loan Agreement nor the Project may be assigned, transferred or sold by the District for any reason, unless the following conditions shall be satisfied:

- (a) the Department shall have approved said assignment, transfer or sale in writing;
- (b) the assignee or transferee shall be a governmental unit within the meaning of Section 141(c) of the Code, unless the Department shall have received the opinion described in (d) below notwithstanding the fact that the assignee or transferee is not a governmental unit, and the assignee shall have expressly assumed in writing the full and faithful observance and performance of the District's duties, covenants, agreements and obligations under this Loan Agreement;
- (c) immediately after such assignment, transfer or sale, the assignee or transferee shall not be in default in the performance or observance of any duties, covenants, obligations or agreements of the District hereunder or under the Authorizing Ordinance;
- (d) if applicable, the Department shall have received an opinion of its bond counsel to the effect that such assignment, transfer or sale will not or would not adversely affect the exclusion of interest on the Bonds from gross income for federal income tax purposes under the Code;
- (e) if applicable, the Department shall have received an opinion of its bond counsel to the effect that such assignment, transfer or sale will not adversely affect the exclusion of interest on any bonds, notes, or other debt obligations issued by or on behalf of the Department from gross income for federal income tax purposes under the Code or affect the ability of the Department to repay or cause to be repaid any such bonds, notes or other debt obligations; and
- (f) the Department shall receive an opinion of its counsel to the effect that such assignment, transfer or sale will not violate the provisions of any agreement entered into by the Department with, or condition of any grant received by the Department from, the United States of America relating to any capitalization grant received by the Department or the State under the Federal Act or the Regulations.

No assignment, transfer or sale shall relieve the District from primary liability for any of its obligations under this Loan Agreement and in the event of such assignment, the District shall continue to remain primarily liable for the performance and observance of its obligations to be performed and observed under this Loan Agreement.

Notwithstanding the foregoing, the District may dispose of property which in its reasonable judgment is worn out unserviceable, unsuitable, or unnecessary in the operation of the System, when other property of equal value is substituted therefor, or the proceeds derived from the disposal of such property are deposited in a Contingencies Fund or used to prepay or redeem the Bonds.

Jurors were provided a copy of the district highway reports.

Mr. Ford stated that he has received a plat from the Benton-Parish Metropolitan Planning Commission for the proposed development of Cypress Trace Subdivision, advising that plat has been denied by the Benton-Parish MPC. He stated that after review of the matter, it has been determined that the Benton-Parish MPC did not properly notify the developer and the engineer of its public hearing, and the plat was denied without the developer and engineer being present. Mr. Ford stated that he is submitting a letter to the Benton-Parish MPC requesting that they reschedule the public hearing in this matter to allow for proper notification of all parties.

Mr. Ford reported on a recent meeting of the Benton-Parish MPC, advising that there is some confusion as to the minimum lot size allowed in the 800 foot "Zoned Area" of the Cypress and Black Bayou Reservoirs. He stated that after reviewing parish ordinances, it has been determined that the minimum allowable lot size requirement in the 800 foot "Zoned Area" of the Cypress and Black Bayou Reservoirs is 3/4-acre, but the minimum allowable lot size is one acre, or 200 feet by 200 feet, in all other areas of the five mile Benton MPC area.

Mr. Ford stated that he will be presenting a proposed amendment to the Bossier Parish Code of Ordinances at the August 20, 2014, regular meeting, to stipulate that a minimum 3/4-acre lot is acceptable in the "Zoned Area" of the Cypress and Black Bayou Reservoirs. Ms. Bennett requested that it be clarified that the 100 foot buffer from the water's edge on Cypress Lake is to be excluded from lots developed in this area.

Mr. Jackson stated that all previous subdivisions approved on Cypress Lake that do not meet current regulations, have been reviewed and these subdivisions meet all regulations that were in place at the time of approval.

Mr. Ford stated that at one time, the Benton-Parish MPC only extended three miles from the Town of Benton city limits, but eventually was extended to five miles from the Town of Benton city limits, which has caused some confusion as to whether past developments meet current regulations.

Mr. Ford presented photographs of the Anna P. Took Memorial Library construction project.

Mr. Ford reported on a progress meeting for the sewer district.

Mr. Ronnie Andrews, Public Works Director, presented an update on activities of the highway department and on several road projects in the parish. He reported that 10.25 miles of the 2014 Road Overlay Program are now complete.

Mr. Skaggs advised that the City of Bossier City hosted the boys' 13 to 15 year old baseball Dixie World Series last weekend and stated that both Bossier City host teams advanced to the championship. He stated that the boys' 13 year old team won the Dixie World Series Championship, and the boys' 14 year old team is currently still playing for the championship.

Mr. Cochran advised that the Bossier City girls' softball team has advanced to the Little League Softball World Series in Portland, Oregon.

Motion was made by Mr. Brotherton, seconded by Mr. Cochran, to amend the agenda to consider reducing the speed limit on a portion of Caplis Sligo Road from 45 miles per hour to 35 miles per hour.

The President called for public comment. There being none, **motion carried, with the following vote recorded:**

Mr. Brotherton stated that he has visited with Ms. Ellen Theresa Henderson regarding her request to reduce the speed limit on Caplis Sligo Road from 45 miles per hour to 35 miles per hour. He stated that the area between Sligo Road and Crown Court Place on Caplis Sligo Road has seen extensive residential development. He stated that 65 homes have been developed on Caplis Sligo Road, with 12 new homes under construction and 15 available lots for development. Mr. Brotherton stated that due to increased traffic in this area, Caplis Sligo Road has been expanded to three-lanes.

Mr. Brotherton stated that with the recent construction of the South Bossier Park and the potential for continued growth in this area, he recommends that the speed limit be reduced to 35 miles per hour from Sligo Road to Crown Court Place. He stated that the Bossier Parish School Board has recently purchased property in this area for possible construction of a new elementary school which will also increase traffic. Mr. Brotherton requested that "School Bus Stop Ahead" signs be placed in this area.

Mr. Ford stated that if approved, "Reduce Speed Ahead" signs will be placed on Caplis Sligo Road prior to the actual speed limit change, and requested that the Bossier Parish Sheriff's Office increase patrol in this area.

After further discussion, **motion was made by Mr. Brotherton, seconded by Mr. Plummer, to reduce the speed limit on Caplis Sligo Road from 45 miles per hour to 35 miles per hour beginning at the intersection of Sligo Road and Caplis Sligo Road to Crown Court Place, and to place "Reduce Speed Limit Ahead" and "School Bus Stop Ahead" signs on Caplis Sligo Road.**
