Mr. Jackson stated that the amount of Public Record Requests received by the police jury has grown in the last several years. He stated that the police jury receives between 3-5 requests each week. Mr. Jackson stated that per law, the police jury has three days to respond to these requests, resulting in the staff having to set aside their work to research the public records request. He stated that the majority of these requests come from out of state companies looking to collect data then turn around and sell the information they receive from us. Mr. Jackson stated that he does not want to make this difficult for the public who needs to obtain certain records, but hopefully setting some administrative fees will help ensure the public’s employee resources are not abused. He asked for guidance from the jury for setting administrative fees when these requests are received to account for staff time and materials.

It was recommended that this matter be referred to the Policy and Procedures committee to further review and discuss, date and time to be determined. The jury concurred.

No action was taken on the agenda item to discuss FY2019-2020 Local Government Assistance Program and Community Water Enrichment Fund Program Applications. Mr. Ford stated that this was discussed and voted on during the Health, Water Sanitation and Sewer District Committee report.

Motion was made by Mr. Salzer, seconded by Mr. Benton, to terminate a Letter Lease Agreement between the Bossier Parish Police Jury and Sligo Water System, Inc., approved on June 1, 2016, for a tract of land at South Bossier Park located in Section 28, Township 17 North, Range 12 West, Bossier Parish, LA, and authorize the execution of documents.
